Dear folks,

Please find included with this letter to you a check in the amount of \$300.00. Please accept this small donation to your great organization on behalf of myself, Samuel Ciccolella, and the rest of my group of fellow Volleyballer's, also known as The Carrot-Turtle Tribe.

We're a small, but ever growing, group of people that love the summer outdoors and love playing the great game and sport of beach volleyball. We play in our own, unofficial-league, known as Sammy's Weekend Volleyball, typically at a place called Seamans Neck Park, out in Seaford, Long Island, NY. Our group has grown where we've gotten to the point we collectively feel that we'd like to try and "give something back" to others that might not be as fortunate as ourselves. And so, after a short discussion of who would be important enough for us to try and do something for, we agreed that the St. Judes Children's Research Hospital would be, by far, the charitable organization that we'd like to try to contribute to and support.

Therefore, please accept this small gift and donation, and first ever, collection from myself and some other members of our group (unfortunately too many to list here right now) which have now established this "end of summer season contribution" which we're all hoping that will become a continued annual thing we do. Your organization does amazing things for so many children and families that need help, and we would love to try and help out in some way. Hopefully next year we'll do even better.

Sincere regards to ALL of you at St. Judes, and God bless you all as well. Until there's never a further need, please be well, and to all the children and family members we hope and pray for a full and quick and pain free recovery.

Best wishes always,

Samuel Ciccolella
